VOL. CXXXVI.—No. 55. ALEXANDRIA, VIRGINIA, THURSDAY, MARCH 4, 1920. PRICE ONE CENT

DRY DEPARTMENT FUND IS RESTORED

State Senate Fixes Appropriation at $50,000.

BUDGET IS INCREASED

With Work Not Completed Senator Add $60,800 to Figures of House of Delegates.

Richmond, March 4.—Dry forces in the Senate succeeded yesterday in putting back into the biennial appropriation bill the sum of $50,000 a year for the Prohibition Department, the amount recommended by the joint Finance Committee of the two houses. It was cut in the House of Delegates to $25,000.

Senator Mapp offered the amendment which restored the appropriation. It was adopted by a vote of 22 to 10. An attempt by Senator Oliver to fix the amount at $40,000 failed by a substantial majority.

Senator Mapp lost, however, in his effort to strike from the bill the provision adopted by the House, prohibiting the Commissioner of Prohibition from using the funds set aside for his department in employing counsel not regularly engaged by him.

The amendment was vigorously opposed by Senators Leedy, Oliver and Drewry. It was defeated by a vote of 21 to 12. Another, offered by Senator Oliver, providing that no part of the State funds should be used in paying fines and costs imposed upon agents of the department in criminal proceedings, was adopted.

The declaration by Senator Mapp that he had never seen so many friends of bootleggers in a legislature brought forth sharp rejoinders from Senators Deal and Gunn. Senator Deal declared he objected seriously to the implication, and Senator Gunn demanded substantiation of the charge. Senator Mapp amended his remarks to mean that much of the legislature offered is calculated to hearten violaters of the prohibition law.

In speaking to his amendment, putting back into the appropriation bill the sum of $50,000 a year for the Prohibiion Department, Senator Mapp declared he intended to vote for this amount regardless of what the House had done or what the conferees or the Governor would do in the future. He charged that enemies of the Prohibition Department had tried in all sorts of ways to kill it, the cutting down of the appropriation being the last attempt.

INSURANCE BILL BEATEN

Hot Exchanges During Debate in House of Delegates

Richmond, March 4.—Hopes of proponents of House bill 270, creating a State- administered insurance fund, went a glimmering yesterday afternoon when the House by a vote of 49 to 35, refused to advance the measure to its third reading and engrossment. This action on the part of the lower branch is tantamount to defeat of the bill.

A motion made by Delegate Robert O. Norris, of Lancaster, chief patron of the bill, to pass by motion to reconsider was voted down, as was the move to reconsider.

Action of the House followed more than four hours of spirited and, at times heated, debate, a dual session being marked by several "spill of temper."

O. D. BOAT CLUB ACTIVITIES.

The Old Dominion Boat Club at its meeting held last night decided not to invite the Southern Rowing Association to hold its regatta here this spring, but to invite them to come here next spring. It was decided to give an excursion to Marshall Hall August 3. Announcement was made that the annual meeting will be held April 7, when officers will be chosen and the new membership cards distributed.

BUYS SIXTEEN HOUSES.

Carl Budwesky Acquires Property of Late T. A. Groves.

Charles H. Smith, special commissioner, has sold to Carl Budwesky sixteen houses and lots of the estate of the late Thomas A. Groves, as follows: 507 South Henry street, 311, 313 and 315 South Henry street; 529, 531, 533 and 537 South Fairfax street, and 808, 810, 812, 814, 816, 818, 820 and 822 Montgomery street.

William H. Helms has sold to Domenico Nardinocchi and wife a store and dwelling on the east side of Alfred street between Oronoco and Pendleton streets and also a lot on the same square.

FROST DAMAGE IS SMALL

Later Reports From Florida Indicate Fruit and Vegetable Growers Not Badly Hurt

Miami, Fla., March 4.—Reports received here yesterday indicate damage to winter vegetables in South Florida as a result of low temperature Monday night was not as great as first believed. Truck farmers on the east coast south of Miami, it is said, lost approximately 50 per cent of their crops.

OFFICES BEING MOVED

Assistant to President Next to go Leaving Only Few in Richmond

Richmond, March 4.—Preparations are being made by the Southern Railway to move the last of its corporate offices from Richmond to Washington. At the present time only the office of T. E. Gatlin, assistant to the president of the line, Fairfax Harrison, yet remains in Richmond. The office of E. E. Norris, which was also here, has just been moved to Washington. Within a few days Mr. Gatlin will also move his headquarters.

This will leave in Richmond only the offices of the general freight agent, his assistant, the superintendent of the Richmond division and the district passenger agent.

BLOCKED BY SNOW

Fifty Miles of Highway in Center of New York Still Impeded by Deep White Mantle

New York, March 4.—Street Cleaning Commissioner MacVay announced yesterday although nearly $3,000,000 has been spent in removing snow that fell a month ago, 600 miles of streets in outlying sections of the city have not been cleared, while 400 miles in Manhattan, Brooklyn and the Bronx have not been entirely cleared.

Street cars are still tied up in parts of Manhattan and Brooklyn. At least fifty miles of streets in congested portions of the city have not even been opened. MacVay estimated it would take a month more to complete the removal of snow unless the weather should be unusually warm.

RIGHT OF SEARCH OF AUTOMOBILES

Would Prohibit Such Proceedures Without Warrants

MEASURE ADVANCED

Amendment Offered by Member From Nottaway County Precipitates Spirited Debate in State Senate.

Richmond, March 4.—Automobiles and all vehicles not listed as common carriers are exempt from search warrant under the provisions of the Deal bill, advanced Tuesday night by the Senate, after a sharp debate to its third reading and engrossment.

The amendment carrying this exemption was offered by Senator Deal of Nottoway, and was considered as a considerable addition of strength to the measure, which has as its purpose the curbing of indiscriminate searches in the enforcement of the prohibition law. It was adopted by a vote of 24 to 11.

Senator Epps, however, took care of an objection raised earlier in the day by Senator Robertson by making the Deal measure nonapplicable to the enforcement of the game laws, which grant authority to all peace officers to search without warrants for game exceeding the limit allowed.

The Deal bill, Senator Robertson declared, means only one thing, and that is that officers of the law will be effectually blocked, under its operation, from breaking up the practice of bringing down from the hills moonshine liquor to dispense among the villagers and townspeople.

"We are called on here," he said "to enact a gentlemen's bill, when it is very essential to have laws that reach criminals. The proponents of prohibition have been asleep and its opponents have been active, as destructive forces always are. It is time that they take the offensive, if they would save what they have done by hard work. This measure is nothing less than a stab at prohibition."

Senator Deal failed in his effort to have the constitutional reading of the bill dispensed with, in order that it might be placed on its passage last night.

One of the features of the proceedings was the fact that Lieutenant Governor Buchanan was called upon twice to vote, in order that ties might be broken. In each instance he had to express himself on one of a series of amendments offered by Senator Mapp. He voted "aye" both times. These amendments did not change the bill materially.

Debate was opened on the measure by Senator Leedy shortly before the chair was vacated at 2 o'clock until the night session at 8.

"This measure," the Senator from Page, declared, "simply says to the judge or justice that he cannot issue a blanket warrant to search an unknown person at an unnamed place. The principle that no person may be subjected to search without a warrant followed us to that evil day in 1916 when the General Assembly wrote a departure from that practice into the prohibition law. The people of Virginia have grown tired of these things. I am appealing to you for a return to the principle whether you are wet or dry. Your views on the prohibition question do not matter to me in this instance. What does matter is whether you stand for constituted authority or majority mob law. Officers of the law should proceed only under the fixed forms of the Constitution. When you break down one of these you are in a fair way to break them all down."

MASONS OFF TO NEW YORK.

A delegation of fourteen members of Alexandria-Washington Lodge, No. 22, Masons, most of whom are officers of that lodge, left last night and today for New York to visit Washington Lodge of New York. The officers of the local lodge will confer degree work for Washington Lodge and afterward be entertained by that lodge. R. A. Zachary, worshipful master of the lodge, heads the delegation.

SPORTS

A meeting of the Virginia Athletic Club will be held Saturday night at 7.30 o'clock at the Community Center. Members are requested to attend this meeting.

Last night, the Virginia basketball team met defeat at the Remington five 32 to 22, and now the Remington club is claiming the championship of Northern Virginia.

Plans for the Dreadnought A. C. smoker are progressing rapidly, and a treat is in store for the club members March 15, the date of the smoker.

Tomorrow, the Destroyer A. C. plays Warrenton at Warrenton.

Candidates for the Community Service track team will meet tomorrow night at 7 o'clock at the Community Center, Prince and Royal streets.

SLAUGHTERED BY TURKS.

Followers of Mustapha Kemal Pasha Said to Be Terrorizing Large Region.

Paris, March 3.—The Greek legation today made public a telegram announcing the slaughter of a large number of Greeks and Armenians by the Turks in Rodosto, sixty miles northeast of Gallipoli, on the Sea of Marmora.

Details are lacking, but the telegram says the French Governor at Dedeaghatch has left hurriedly for Enos, the headquarters of the followers of Mustapha Kemal Pasha, Turkish nationalist leader, who are said to be terrorizing the inhabitants of that region.

APPEAL BILL.

Leading Lawyers of State Condemn Measure Pending in House.

Richmond, March 4.—Leading lawyers of the State will bring to bear a determined protest against the passage by the General Assembly of House bill No. 304, providing for appeals in practically all cases to the Supreme Court of Appeals as a matter of right. They declare that such practice will inevitably result in so clogging the calendar of the court as seriously to hinder consideration of cases which are plainly meritorious and demand immediate attention.

HOLD MAN WHO GAVE BAIL.

New York, March 4.—A man identified by the police as J. Salter Hansen, who furnished bail for United States Consular Agent Jenkins in Mexico, is held here today charged with molesting a twelve-year-old girl.

Police arrested Hansen on his arrival from Mexico.

TROOPS SCOUR DUBLIN.

Dublin, March 4.—British military patrols were active throughout the entire city all night.

Constabulary and troops are making a vigorous search for the sack of mail addressed to the viceroy, which was seized by masked men Wednesday morning, but it has not yet been found.

SHIPYARD BRINGS TOTAL OF $56,500

Plant of General Shipbuilding Co., Bid in by Herbert Bryant's Son

BIDDING IS SPIRITED

Real Estate Brings $41,500 and Machinery and Equipment $15,000—Will be Used for Industrial Purposes

The plant of the General Shipbuilding Corporation on the river front in the northeastern section of the city, together with the machinery and equipment, was sold at public auction yesterday by Hammond & Ogle, auctioneers, Baltimore, for Louis N. Duffey, trustee in bankruptcy, and the property brought about $56,500 which was regarded as a good price.

The real estate was sold to Herbert Bryant's Sons and brought $41,500. The machinery was purchased by local persons and others from Baltimore, Philadelphia, New York, Richmond, Norfolk, Washington and other places. There were a large number of bidders. The sale commenced at 11 o'clock and was not finished until 6 o'clock last evening.

Arthur H. Bryant, of the Herbert Bryant's Son, tsated today that he will use the plant for industrial purposes. It adjoins his plant for the manufacture of fertilizer, and it is regarded as highly probable that Mr. Bryant will enlarge his present plant, using all of the space of his new property.

The bidding was remarkably spirited, and the prices paid for the machinery and equipment were decidedly higher than on general auction sales. The realty comprising the land and buildings thereon brought a surprisingly large figure, this figure being considerably more than was offered the receivers prior to this auction sale.

The auctioneer showed a wonderful spirit and superhuman endurance by completing the sale on record time and wihout a single dispute, which disputes are generally plentiful in large auction sales.

CHARGED WITH MURDER.

Woman Used Shotgun in Killing and Gave Out Report of Suicide.

Lewisburg, Tenn., March 4.—Charged by a coroner's jury with the murder of J. Alex Majors, 30, a farmer, his wife, Mrs. Nannie Lee Majors, was arrested here late yesterday afternoon, together with Lexie McCrory, a farm hand at the Majors' place, after an autopsy had been performed in response to a demand of Pink Majors, brother to the dead man.

The death occurred near Liberty Valley, Tenn., last Saturday. Little comment was excited at the time, as Mrs. Majors stated that her husband had accidentally shot himself with a shotgun as he started on a hunting trip. The body was buried the following day.

Mrs. Majors and McCrory reiterated that statement in their testimony before the coroner's jury this afternoon. The jury's verdict was based on the fact that the load of shot was found distributed over about eight square inches, which, experts testified, would have necessitated that the gun be discharged at least twenty feet from the man's body.

DREADNAUGHTS MEETING

At the regular meeting of the Dreadnaught A. C. which will be held at 7.30 tonight at the Community Service several important subjects will be discussed and every member is urged to attend.

The Dreadnaughts will meet the Alexandria High School five on the latters floor Friday night and as both quints are going at a fast gait a well contested game is looked forward to by all followers of the sport.

WAREHOUSE DESTROYED BY FIRE.

Fire of undetermined origin at 11:30 o'clock last night destroyed a frame warehouse a story and a half high on the east side of Lee between King and Prince streets in which was stored a number of wooden crates. The fire made a big blaze and attracted a large throng. Flying embers caught the frame shingle roof of a brick building on the north, but the firemen soon subdued it. The building was owned by Rozier Catts.

MEMBERSHIP MEETING.

The annual membership meeting of the Methodist Protestant Church was held in the lecture room last night and the following officials were elected:

Trustee, Charles E. Kell; stewards, F. W. Ebhardt, F. W. Deaton, R. J. Ayers, Norman Roberts, J. W. Allen, Thomas Simpson and L. Burns; clerk of the church, Norman Roberts. Paul Lindsey was elected delegate to the Annual Conference and Milton Penn, alternate. The delegate was instructed to ask for the return of the pastor, the Rev. G. J. Hill.

TURPENTINE $2.00 A GALLON

Market at Savannah Practically Depleated Despite Highest Prices Ever Quoted at Coast

Savannah, Ga., March 4.—The price of turpentine broke all records here yesterday when it was quoted at $2 a gallon. On the advance a few weeks ago the price went to $1.97, but there was a quick reaction to $1.81. During the last few days the market developed renewed strength because of the depletion of supplies, stocks having been reduced to small proportions at all leading primary points. As a consequence there is not a large quantity in sight to be sold at the high figure.

High cost of production, scarcity of labor and the depletion of the source of supply figure in the reduction of stocks, according to naval stores factors.

PRESCRIPTION PERMITS

Virginia Physicians Will be Required to Record Each Case Where Whiskey is Given

Richmond, March 4.—Record book for doctors to keep the number of prescriptions of alcohol prescribed by them may be obtained at the office of the Federal Prohibition Commissioner on the second floor of the Federal Building.

In no case must the quantity of alcohol prescribed exceed one pint of whiskey for each ten days, the commissioner said yesterday.

Approximately 250 doctors in Virginia have made applications for the blanks necessary for prescribing whisky. No bond is required to obtain this license.

Thirty-two druggists in Virginia have applied for permits to sell alcohol. Regulations relatives to the manufacture, sale, delivery, furnishing, purchase and use of intoxicating liquor are now available.

IN MEMORIAM

In sad but loving remembrance of our dear mother SARAH JANE DERRICK, who departed this life one year ago today, March 4, 1919.

WILSON TAKES AN AIRING.

The President, accompanied by Mrs. Wilson and Dr. Grayson, took a spin in certain sections of Washington yesterday. This was the first time the President has shown himself to the public during the past five months. Great secrecy was maintained in preparing for the trip, and few persons recognized the Executive as his car whisked past them.

Mr. Wilson enjoys an automobile and since his occupancy of the White House trips to Alexandria and lower Fairfax county have been especially pleasant to him. On Sundays the appearance of the President in our streets was common during the past few years. He generally entered and left the city via Rosemont. Now that he is gradually regaining his normal health, his reappearance in our city may be looked for at any time.

Yesterday he was bundled up in an old gray sweater and an overcoat. He rode for an hour in a closed limousine and returned to the White House considerably refreshed.

No unusual incident occurred during the trip except that as he drove through the Capitol grounds the President waved his hand to Senator Borah, and the latter returned the salutation.

Near Center Market the President saw a sign on a butcher shop quoting pork at 35 cents a pound.

"That brings the cost of living home to you," Mr. Wilson observed.

ANTIPATHY TO JURIES

Two of the most serious duties of the citizen are the obligations to bear arms and to do jury duty. This is often apparent in Alexandria. Most men are willing to fight for their country but mighty few are willing to serve on a jury. An illustration of this truth occurred in New York the other day in Judge Rosalsky's court, when of 100 jurors summoned, only 47 appeared and of this number 45 were present ot give excuses why they should not serve. Obviously, if the wheels of the law were to be kept grinding, it was necessary to take drastic action. The first move of the Judge was to send out a summons to the 53 absentees requiring them to show cause why they should not be fined and held in contempt of court. The next thing was to impress upon those who were in court the fact that business or ordinary reasons were not sufficient to excuse them from a civic duty.

It was in handling this phase of the dilemma that Judge Rosalsky proved himself to be an excellent student of human nature. All but two of the jurors who had responded to their names insisted that it was impossible for them to serve. It sounded like the old Bibical story. One had purchased a farm and it needed his immediate attention, another had married a wife, and—suddenly jumping to the modern—still another had entered the automobile business. The Judge smiled grimly and said that it was absolutely essential that jurymen qualify for the court. "However," he added, "I am going to let you be the judges of whether the excuses offered are sufficient reasons for excuse from jury duty."

The test began with each man convinced that he had the only valid plea and that most of the others were frivolous. An architect was excused because he was planning a row of houses and houses were urgently needed. A cotton merchant who said he would lose money by acting as a juryman was promptly condemned to the jury box, as was a plumber who seemed to be friendless in that gathering. After it was all over it was found that 42 of the men were eligible for duty, and they smilingly agreed to accept the verdict upon themselves.

A cotemporary in giving the above facts says it was an experiment worthy of Solomon himself, and it is commended to judges in other cities who may have trouble in securing twelve men to go into the box to settle the everlasting disputes that occur in spite of or boasted civilization.

PASSING OF TURKEY.

The cutting by the allies of the wings of Turkey has brought forth the usual threat of a holy war between the cross and the crescent. Turkey has been reduced from thirty thousand to about six thousand subjects. The Moslem navy must be scrapped, and the "Sick Man" of Europe will no longer be a menace to the peace of the world.

But to return to the obsolete threat of a holy war. This cry has been sounded at times during the centuries. It was the threat in 1878, when the Moslems and Russians clashed in war. Later in the early part of the present century, when much of her territory was taken from her by the Balkan States, it was again heard. It is the Turkish bogyman.

The Turkish Empire has endured in one shape or another during the past five centuries. Some of the most interesting places in the world have been dominated by the Mahometans. For many years the empire has been regarded as a house of cards, but its integrity had been maintained in order to keep peace in Europe. It was known that Russia had dreamed for centuries of the possession of Constantinople, and had its visions been realized it would have made the Muscovite bear more powerful than any other country. With the possession of the Dardanelles Russia would have converted the Black Sea into a naval rendezvous from which it would have been impossible to eject her. England has been the main factor which has kept the Russian back. In future the nations which have consigned Germany to the scrap heap will maintain a suzerainty over the capital of the insolvent Turkish nation.

ONLY SATISFACTORY LEVER.

"There is the ring of earnestness and serious purpose about that movement reported from Richmond, where railroad workers in large numbers are signing voluntary agreements pledging themselves not to buy hats, clothes, shoes or anything but the most necessary articles until prices come down," says The Baltimore Sun.

"Prices are regulated by supply and demand. That is no theory, but a law recognized through the experience of men in every age and place. Cut down the demand and the prices must fall. Keep up the demand and the prices will rise.

"After all, half the money that even the poorest of us spend is spent unnecessarily. Japan, where laborers working from sunrise to sunset keep strong and healthy on a few handfuls of rice a day, proves that. The experiments made by some scientists a year or so ago in studying the effect of undernourishment 'prove it.' A book entitled 'Human Vitality and Efficiency Under Prolonged Restricted Diet,' and published by the Carnegie Institution of Washington states that on 'twelve young men kept on one-half to two-thirds of their caloric requirements for four months no bad effects were noted.' There are mighty few belts drawn tight in America, and what is scanty fare to us would be a feast to people in almost any other part of the world.

"Not that our standard of living should be lowered for long. But a little temporary experimentation with less food, clothing and amusements would do few of us any harm and would bring old High Cost of Living quickly off his lofty perch.

"It seems to be the only expedient—the only lever—sure to work."

EX-KAISER DENOUNCED

Arraigned Before Diet for Desertion and Flight to Holland.

Berlin, March 4.—Former Kaiser Wilhelm was severely arraigned yesterday as a ruler who failed to live up to the historic precedents of his race. He was denounced for his midnight flight to Holland, where he is now promenading and sawing wood, when by German traditions he should have remained to direct the fight of his troops.

The charges against him were made by Deputy Graef, a majority Socialist, in a fight in the Diet to deprive the former Emperor of his properties and fortune. The action was started by a motion of the majority Socialists in the Diet to refer the issue to the National Assembly.

The Democrats and the Clerical joined in voting to deprive the Kaiser of his holdings, providing that the settlement be referred to the Committee of Judiciary.

The judiciary Committee now take the bill under advisement, and conferences are expected to last many weeks.

The motion of the majority Socialists providing for action by the National Assembly has been temporarily tabled.

FALL KILLS FLYER

Parachute Demonstrator Sinks Less Time 25 Feet From Rescue Boat

Washington, March 4.—Caught in cross air currents, Charles R. Willis, 21, dropped 1,400 feet to his death in Eastern Branch from an army airplane near Bolling Field, at 1.30 o'clock yesterday afternoon, while a group of distinguished army officers and their friends watched his "double parachute" exhibition, unaware of his plight.

Willis' parachute was caught in treacherous swirls over the river, into which he fell. His body was so tangled with the parachute parts that he was helpless. He sank for the last time with a rescue motor boat 25 feet away.

This navy motor boat had also rescued Floyd Smith, who dropped with Willis, and was fortunate enough to fall near the shore. Willis was fully one-quarter of a mile apart from his parachute partner, Smith.

WIFE USES CARVING KNIFE

New York, March 3.—Mrs. Estelle Von Tilzer was arrested today on a charge of stabbing her husband, Julian Von Tilzer, music publisher, with a carving knife during a quarrel.

He was not badly injured. She gave herself up to the police.

He is a brother of Harry Von Tilzer, composer.

When you get Indigestion

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach.

"Pape's Diapepsin," by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness, or pain in stomach and intestines.

"Pape's Diapepsin" helps regulate disordered stomachs so favorite foods can be eaten without causing distress. Costs so little at drug stores.

Editor Gazette:

Dear Sir: In your article on the "Memorial to Washington the Mason," published in yesterday's Gazette, two misleading errors occur.

First your state: "The movement was inaugurated by Charles H. Callahan." The movement was started by Alexandria Washington Lodge and not by any individual.

Second you state that $25,000 had been raised in Illinois in six weeks. Only $20,000 of the $25,000 to be raised in that state was collected in six weeks.

I will thank you to make the above corrections.

Very truly,
CHARLES H. CALLAHAN.

GET $4500 IN GEMS

Philadelphia Store Victim of Bold Daylight Bandits

Philadelphia, March 4.—The robbers smashed the plate glass window and escaped with a tray of diamond rings valued at $4500 from the jewelry store of O. F. O'Neill at 2454 Kensington avenue yesterday. The robbery took place a few minutes before noon, and although the thieves were pursued they escaped in an automobile.

O'Neill's establishment was robbed in a similar manner about a year ago when merchandise worth $10,000 was taken.

PREMIER WARNS POLAND

London, March 4.—A Moscow wireless dispatch received here says the proposed peace conditions with Poland have been denounced as extravagant. The dispatch adds that Nikolai Lenine, Bolshevik premier, in a speech at the Cossack congress said: "If the Polish agressor invades our country, we will give him a blow that will not be forgotten. The Polish nobles and capitalists are making threatening gestures and claiming territory which exceeds even the old frontiers of 1772."

A Reuters dispatch from Moscow says that the Bolshevik representative of the foreign commissariat at Vienna has been instructed to hand Premier Paderewski the Bolshevik peace proposals to the Polish government.

Japan and Siberia

Tokio, March 4.—Japan will not agree with the Japanese government on the time and place for holding negotiations.

The American troops have virtually completed their evacuation of Siberia, the soviet government reports from Moscow. A wireless dispatch from the Russian capital today said that "the last American detachment evacuating Siberia had reached Vladivostok."

EVERY BUSINESS

Has a keynote. The keynote of the banking business, for example, is dignity and stability—accentuated in everything pertaining to a bank, from its architecture to its Printing.

Your business also has its keynote. It may be strength, delicacy, progressiveness, dignity or service; but whatever it is, a good Printer can so plan your Printing that the keynote will be unmistakably conveyed to everyone by the form of your Printed matter.

Of course, a man may console himself by saying that everybody knows he doesn't do his own Printing; but after all, they know he doesn't make his own clothes yet that's no reason why he shouldn't look presentable.

An interesting fact about

GOOD PRINTING

is that it costs no more than the other kind. Really in the long run, it's less expensive.

Better Cleaning--- Less Effort

With the Apex Cleaners in your home, you will obtain the same wonderful advantages that now a quarter million housewives are enjoying.

The Apex keeps the polish on the furniture by getting the gritty dirt before the dirt mars the polish. Not only does the Apex absorb the easily-seen dust and dirt but its inclined nozzle gets clear into the corners; it cleans right up to the baseboards; it pokes under heavy furniture.

The Apex saves hours of time for other duties and recreations.

The cleanly suction of the Apex brings out-of-door freshness right into every nook of the home. It promotes better living; it protects the health of winter-cooped children and makes the home cheery for all the family.

It prolongs the newness of rugs and furnishings.

WITHOUT COST OR OBLIGATION, WE WILL BE GLAD TO DEMONSTRATE HOW APEX FEATURES EFFECT THESE SAVINGS.

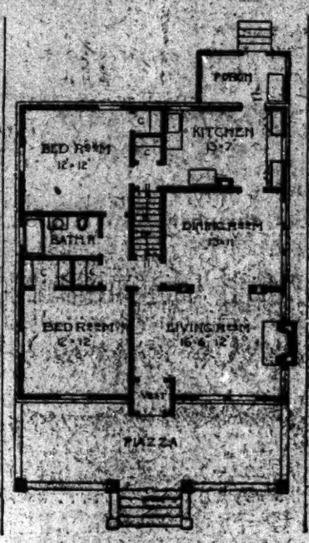
A BRICK & STUCCO BUNGALOW

DESIGNED BY CHAS. S. SEDGWICK, ARCHITECT

THIS bungalow is constructed of substantial frame work with a selected "Texture" brick used for veneer from the grade line to the window sills. The walls above the veneer are finished with pebble dashed stucco, using some kind of crushed granite to give a bright and sparkling surface. The roof is covered with dark green asbestos shingles. The rooms are arranged for a south front with two bed rooms on the west side, each room has a good closet and there are also two good coat closets in addition. There is good attic space for storage only. The basement is full under the house with laundry, heating room, vegetable and fruit cellars, drying room, etc.

On the right hand side is the living room in front with a wide fireplace on the east and a columned opening to the dining room back. All rooms are well lighted. The kitchen in the rear is fitted with cupboards and sink and a glazed porch in the rear. The outside is made attractive with a very liberal piazza across the front, the main roof carried over and supported on heavy brick piers, giving a substantial look. The entrance steps and buttresses are also of brick. The wide chimney on the east side of living room projects on the outside and is a pretty feature. The kitchen has a separate chimney. The main floor except in kitchen is of white oak, with linoleum in the kitchen. The bath room is conveniently between the bed rooms.



The finish in the living room and dining room is designed to be of mahogany or birch, all other wood work is of birch with white enamel finish, including the kitchen. There is a flight of stairs to basement and with attic above. The arrangement is very compact and convenient and with no waste space. The estimated cost is from $5,600 to $7,000, without heating or plumbing.

BILLY SUNDAY'S WRATH.

Evangelist Vows Rivers Will Run With Blood to Enforce Dry Decree.

Lancaster, Pa., March 4.—Billy Sunday, who is filling a three-day evangelistic engagement in this city, yesterday poured out his wrath against New Jersey and Gov. Edwards for their action in re-establishing booze. Billy's speech was unbridled as he poured out a torrent of invectives.

"Forty-five out of forty-eight States said 'to hell with booze' and we propose to enforce the decree if we have to turn our rivers into blood," he declared.

The evangelist also said that if the Republican and Democratic parties nominate wet candidates for President Bryan will be put up by the drys for President and he (Sunday) would run for Vice President. This was not a mere joke, he added, for they would be sure of two States, Virginia and Indiana, to start with. Continuing he said:

"That infamous business that has left behind it nothing but ragged children and scaffolds, electric chairs and asylums, hasn't got a 'come-back' in its system.

"It would turn the calender back from June to January. It turned a paradise into a desert, but prohibition has turned the desert back into a paradise, and now New Jersey would ruin all.

"No man who is the mouthpiece of that dirty, rotten, vile, hellish, God-forsaken business will ever sleep in the White House as President of these United States. Gov. Edwards can no more be elected President than he can cross the ocean on a grindstone drawn by cockroaches. The anti-saloon element in the Republican and Democratic parties accepts the challenge, and we will lick to a frazzle any man that either party nominates, who stands for booze. And if both parties nominate wet men, Bryan and I will run on a dry plank, and Bill Bryan will step into the White House and I will preside over the United States Senate.

"So, come on booze gang, we are all set.

"I regard the action of the New Jersey Legislature on the booze bill as one of the most rebellious, anarchistic, un-American measures ever enacted, and the star that represents New Jersey should be erased from the American flag."

THREE DEAD IN CRASH.

Jersey Flyer at High Rate Hits Newark Local at Elizabethport.

New York, March 4.—The Jersey Flier of the Central Railroad of New Jersey bored at high speed through a Newark local at Elizabethport, N. J., late yesterday afternoon. The engineers of both trains and one fireman were killed. About a dozen persons were injured.

According to representatives of the railroad at the Elizabethport station, the engineer of the express went past a positive "stop" signal without slackening speed. He had a clear straightaway of 1,000 feet before reaching the cross-over where the wreck occurred. It was not until the flyer had gone 500 feet beyond the cross-over that the boiler of its locomotive blew up, throwing the big engine from the rails and dragging the first of its ten steel cars after it.

VIRGINIA NEWS

Plumbers of Danville have struck demanding the closed shop. There are sufficient out to strike the town a blow with pipes frozen and much work pending. Some of the plumbers remained out on Monday and their numbers have been swelling with each successive day until now work is almost at a standstill. The trouble is similar to that now being experienced with the carpenters and the bricklayers. Plasterers are demanding a new wage scale April 1.

Capt. Richard Channing Moore Page, with two passengers, was burned to death near Everglades, Fla., Tuesday in the fall of seaplane, which caught fire. He was a cousin of Dr. Thomas Page, chairman of the United States Tariff Board, and grandson of the late Capt. S. Page of Charlottesville. Young Page was educated at the University of Virginia.

Dry leaders in the House of Delegates and State Senate yesterday morning said that an accurate poll of the Democratic members of both branches showed that the Rev. J. Sidney Peters would win for re-election as State prohibition commissioner in the joint caucus tonight by not less than ten votes. The forces behind Harry B. Smith, of Culpeper, do not concede his defeat, but are continuing their active canvass. The Smith forces claim a majority of the Democratic members of the House, but admit that they have been unsuccessful in securing many pledges in the Senate.

Recommendations that the largest supply base of the navy be established in the vicinity of Newport News, Norfolk and Hampton Roads were made to the House Naval Affairs Committee yesterday by Rear Admirals McGowan and Peoples, of the Bureau of Supplies and Accounts. An appropriation of $1,000,000, to build a large warehouse during the next fiscal year, was asked as the first step in the program. Plans, Peoples said, are to concentrate virtually all the supplies for naval vessels at the Virginia ports. A large amount of supplies will be moved from New York and Boston if Congress approves the plan.

"We will remain closed indefinitely rather than yield one iota from our position," was the official announcement yesterday that greeted demands of striking machinists in the Comas Cigarette Machining Company, of Salem. The machinists, according to officials, are demanding recognition of a closed shop, 90 cents an hour and a 44-hour week.

Rosa Fletcher, aged 3, colored, was burned to death when her clothing caught fire in her home near Strasburg. Her sister aged 4, was seriously burned. Their mother found the children in flames when she returned from a nearby spring where she had gone for water.

Miss Edna Bowie shot and killed herself yesterday in Fredericksburg in a fit of despondency. Miss Bowie was the daughter of Mrs. Mamie Bowie and the late Dr. Gordon L. Bowie.

U. S. TO PAY EXPENSES

Washington, March 4.—Assurance that the government will pay all expenses incident to the return of American soldier dead from Europe was given by Secretary Baker yesterday to a committee of gold star fathers.

The War Department bears all expenses of transportation from Europe to the home of next to kin, Mr. Baker explained, and the War Risk Bureau is authorized to pay funeral expenses up to $100 in each case. Purchase of cemetery lots is included in the funeral expenses.

STEAMER SINKS AT PIER

Former Hun Ship, Mocasin, Founders at Brooklyn; Cause Unknown

New York, March 4.— The former German passenger steamship Moccasin, which recently completed a round trip to South America as the first vessel of the United States Shipping Board's fleet assigned for that service, sank Tuesday at her Brooklyn pier. Officers of the Munson Line, operators of the vessel, said that they had not learned what caused her to go down. Wreckers have started to pump her out and raise her.

WOMEN ABANDON VEILS

New York, March 4.—Word comes from Constantinople via J. Frank Chapman, in the exporting business at 120 Broadway, who arrived yesterday on the Henry R. Mallory of the Mallory Line, that 85 per cent of the women in Constantinople have discarded the veils which once shrouded them.

As a result men and women are seen walking arm in arm along public streets. Constantinople has not recovered from the novelty yet, so Mr. Chapman said, and it is a subject for humorous comment there.

It was learned from Mr. Chapman, that food conditions were bad and Constantinople crowded with refugees.

WIDOW ASKS $100,000 LOVE SUIT

Defendant Obtains Change of Venue and Wants Woman to Specify Day He Promised to Wed

New York, March 4.—Isaiah Lidz, wealthy thread manufacturer, who is married and has two children, has become entangled in a $100,000 breach of promise suit in the Supreme Court, in which Mrs. Evelyn M. Lewis, of 214 Riverside Drive, is the plaintiff.

Mrs. Lewis began her suit in Nassau County, but Mr. Lidz had the action transferred to Manhattan yesterday by showing that the plaintiff as well as he is a resident of New York County. In connection with the defendant's application for a change of venue he submitted an affidavit by H. W. Krumide, agent of the property at 214 Riverside Drive, where Mrs. Lewis lives. He said that when she negotiated for the apartment her copy of the lease purported to be drawn by Howard V. Lewis, her husband.

It is said that Mrs. Lewis is now a widow, but the name of the alleged husband of the plaintiff appeared on the lease about the same time that she claims Mr. Lidz promised to marry her.

The thread manufacturer obtained an order in the Supreme Court yesterday directing Mrs. Lewis to file a bill of particulars. He wants her to specify when and where it was he promised to marry her as the plaintiff alleges, whether the promise was an oral one or in writing and when it was that she discovered that he was a married man.

Bolsheviki Said to Have Denounced Polish Proposals as Extravagant

London, March 4.—A wireless dispatch from Moscow says that the Irkutsk representative of the Soviet Commissariat of Foreign Affairs has been instructed to hand the Bolshevik peace proposals to the Japanese headquarters there and agree with the Japanese government on the time and place for holding negotiations.

Another Moscow wireless dispatch received here says the proposed peace conditions with Poland have been denounced as extravagant. The dispatch adds that Nikolai Lenine, the Bolshevik Premier, in a speech at the Cossack congress, said:

"If the Polish aggressor invades our country we will give him a blow that will not be forgotten."

Russian Bolshevik forces are advancing rapidly in the Caucassus region, according to an official telegram received by Reuters. Limited, from Moscow. During the last fortnight, the message says, the Soviet troops in that district have captured 17,000 prisoners, and General Denikine's army is declared to be "gradually dispersing."

Warsaw, March 4.—Representatives of Finland, Letvia and Roumania have arrived here to discuss peace conditions to be submitted to the Bolshevik government of Russia.

Employers' Association Told to Oust Iron League Because of Closed Shop

New York, March 4.—Robert Brindell, president of the Building Trades Council, yesterday said that the council, representing 115,000 building workers, is awaiting the final action this week of the Building Trades Employers' Association on the demand of the council for the expulsion of the Iron League Erectors' Association which has refused to recede from its stand in favor of the open shop for iron workers.

The Building Trades Employers' Association having effected a closed shop agreement with the council, the latter now insists that the Iron League, because of its open shop attitude, be put out of the Building Trades Employers' Association without further delay.

Brindell said that in case the Building Trades Employers' Association does not take prompt action on the demand for the expulsion of the Iron League the Building Trades Council will be forced to take definite action against the Iron League on all of its construction contracts.

SKATERS' BODIES FOUND

New York, March 4.—The bodies of Harold Ritchie, of East Railroad Avenue, Freeport, L. I., and Arthur Schmidt, of 18 Graffing Place, both about fourteen years old, were found Tuesday night at Freeport. The boys were drowned in the reservoir pond, between Freeport and Merrick, while skating.

U. S. TO KEEP OUT

London, March 4.—There has been no intention, and there is none now of American naval participation in the Dardanelles, according to announcement here. The normal American force in Turkish waters comprises six destroyers and the Galveston and Scorpion.

WILL SEND WOMAN DELEGATE.

New York, March 4.—One woman delegate and five alternates will compose the feminine contingent of the New York delegation to the Republican National Convention. A few districts have still to hold their nominating meetings, but it is declared improbable that any more women will be selected.

Miss Helen Varick Boswell, chairman of the women's committee of the New York County Committee, is the only woman delegate.

SOVIET IN MILAN.

Milan, March 4.—In compliance with orders from Socialist leaders, workers who have been on strike attempted to resume work Tuesday, but anarchist groups attacked factories, the tramway and stores, and compelled a continuation of the strike.

Radicals seized a number of Milan establishments and proclaimed a soviet, but were expelled by military forces. An attack on the Labor Exchange by Anarchists was repulsed by the troops.

TAKE POLES HOME.

Washington, March 4.—Enactment of legislation permitting the transportation home on army transports of 12,000 Poles who left this country to serve with the Polish legion during the war was completed yesterday with action by the House. The Poles are now at Danzig, and the first detachment will leave that place Saturday.

ADHERENCE TO LEAGUE.

Berne, March 4.—Adherence to the league of nations by Switzerland was approved by the Swiss National Council Tuesday, the vote standing 114 to 55. The decision does not bind this country to enter the league, but constitutes a recommendation for a plebiscite to be held during April or May, in which the people will voice their desires.

The National Council was asked to approve Switzerland's entrance to the league by the government a few days ago, after it had been decided to abandon what were known as the "American clauses," by which Switzerland would delay action until the United States Senate had ratified the Treaty of Versailles, a part of which is the covenant of the league of nations.

On the steps of the New York public library, a demonstration class from a public school, with the teacher, Miss Coleman; studying just as they do each day in God's pure air and sunshine, their little bodies protected from the cold by bag-like suits. This demonstration was given in aid of the Red Cross Christmas seal drive.

PROBE OF PROPAGANDA

Anti-Saloon Chief Tells Sweet He Is Ready to Appear as Witness in Inquiry

Albany, March 4.—William H. Anderson, superintendent of the Anti-Saloon League, telegraphed Speaker Sweet yesterday that he was ready to appear before the Assembly Judiciary Committee, which has been empowered by the Assembly to investigate the league. Assemblyman Louis Cuvillier of Tammany Hall, who introduced the resolution providing for the investigation of the league and its officers with a view to sending them to jail if they are found guilty, had a conference with Speaker Sweet.

Cuvillier said that the Speaker told him to get together whatever evidence he had with a view to presenting it to the committee.

The author of the resolution declared that he would have ample evidence to support the charges, including the testimony of two clergymen, one from this city and another from further up state.

SOVIET RUMORED

Alarmist Reports From Portugal Reach Spain, Although Wires Are Down

Madrid, March 4.—Although reports from the Portuguese frontier that workmen in Portugal have proclaimed a soviet republic have not been confirmed, telegraphic communication has been interrupted. The Portuguese Legation here is without definite news from Lisbon.

Spanish officials consider the rumors alarmist, but they do not fail to take into consideration the seriousness of the extensive strike movement and its future possibilities. It was reported that the postal, telegraphic and other workers had joined the railroad men in setting up the workers' government.

A strike on all the Portuguese railroads began Monday night when the men failed to obtain wage increases demanded.

SECURES DIVORCE.

Mary Pickford Is Granted Decree By Nevada Court On Grounds Or Desertion.

Reno, Nev., March 4.—Mary Pickford, motion picture star, was granted a divorce from Owen Moore last night at Minden, a small town near Carson City, on grounds of desertion it became known yesterday. She has been at the Campbell ranch at Genoa near by, since February 15.

She was accompanied to the court room by her mother, Mrs. Smith, and she wept freely while testifying Moore was not in court, though he was at Minden at lunch on Monday. He was represented by an attorney in the proceedings.

Miss Pickford told the Court that Moore had deserted her on several occasions and had only returned in response to her pleas, but that a year ago he left her and has ever since refused to return.

Immediately after obtaining the decree she went back to the ranch where she has been living. She said she was seeking a quiet place to live and intended to stay near Minden for a long time and to make the State her permanent home.

Moore arrived at Virginia City Sunday night with a camera man, saying he intended to take snow pictures for a coming picture, but he could find no hotel accommodations, so he drove down to Minden in a machine and was served with the papers while at lunch the next day. The ranch where Miss Pickford is staying is on the outskirts of the deserted town of Genoa, first settled by the Mormons in 1847, but now with scarcely an inhabitant.

Miss Pickford is out of reach of the telephone.

PRICES OF MEAT.

Eat Low on Pork, But High Up on Beef, Is Price-Cutting Plan.

Chicago, March 4.—Southern laborers who are "eating too high up on the hog" (pork chops and ham) and American housewives who "eat too far back on the beef" (porterhouse and round steak) are to blame for the continued high cost of living, the American Institute of Meat Packers announced yesterday.

With the export market for meat shattered by adverse foreign exchange and wholesale prices back to where they were a year or two ago, the American consumer is chiefly responsible, the institute's bulletin of February conditions says.

"There was a good volume of pork trade during the past month," the bulletin says, "but consumers seemed to want the choice and higher-priced cuts. High wages in the South have led to purchase of choicer cuts of pork and a lack of sale for heavier cuts."

Hog prices early in the month were at the highest level of the winter, with receipts at the yards fifteen to twenty per cent. below normal, despite the fact that government reports show there is a large surplus on the farms.

In the beef market a "factor which has had great influence upon the beef trade has been the relatively strong demand for hind quarter beef and the poor demand for fore quarter beef," the packers state.

The mutton situation is similar. The report says: "A larger demand from the housewife for cuts from the shoulders and stew meat would lower the cost of the more expensive cuts."

WETS ATTACK DRY.

Urge Passage of Rescission and Rhode Island Resolutions.

Annapolis, March 4.—The wets came to Annapolis yesterday in force to protest against the passage of the McBride bill, which is substantially the Volstead act, and also to urge the adoption of the resolution recalling the State's ratification of the Eighteenth Amendment and directing that Maryland join Rhode Island in contesting before the Supreme Court the constitutionality of the amendment.

Those who came were only a part of those who will urge the Legislature to do nothing further for the drys, and to try to undo what already has been done. They were members of the Allied Fraternal, Social, Labor and Political Clubs' Association. Today there will appear a large delegation of business and professional men.

WANTED REVOLUTION

Documents Captured on Red Courier Urged Overthrow of Government

Washington, March 4.—Instructions for organizing a Bolshevist revolution in the United States and diamonds valued at 3,000,000 rubles were found on a captured Soviet courier bound from Moscow to New York according to State Department documents read yesterday to the Senate committee investigating Russian propaganda.

The courier, Anton Kottcroff, was captured at Riga, December 18 last, carrying jewels, a mass of propaganda instructions and private messages to Russians in this country according to the State Department documents.

Ludwig Martens, Soviet agent here, who was before the committee, denied knowing Kotteroff.

The courier's papers buried in the false bottom of his valise, included a message to American revolutionaries:

"Down with the Senate and Congress," the message read.

It urged demobilized soldiers to arm and prepare for a fight with the white guards of capitalism. Workmen's Soviets must be organized, but warned against these developing into "mere cultural society."

DRINKS SELF TO DEATH

Burns $20 Bills in Fireplace When Palmist Tells Him he Will Live But Few Days.

Wheeling, W. Va., March 4.—Last week Sidney Donovan told Jack Goss, a friend, that a palmist had informed him he had but a few days to live and that he intended to have all the fun he could before he died. Today he is dead. Death is believed to be due to heart failure, superintended by heavy drinking. It is said that during the past few days Donovan drank any kind of liquor he could secure. He was burning $20 bills in a fireplace, when he told Goss about the palmist, declaring he had no person to whom to leave his money.

Donovan lived in a boarding house, and the other boarders, two men and a woman, are held in connection with his death. He died seated in a chair. He sat in the chair all night dead before the case was reported to the authorities. An analysis is being made of the contents of his stomach.

STRIKES OUT $240 BONUS

Committee Chairman Issues Warning to Federal Employes' Union

Washington, March 4.—The item for the $240 bonus for government clerks was stricken from the legislative appropriation bill in the House yesterday on a point of order at the instance of Representative Thomas L. Blanton, of Texas.

Blanton contended that the bonus is not authorized by existing laws but was only put in by consent of Congress. He was upheld. It is believed, however, that the item will be put back when it comes up in the Senate.

Representative William R. Wood of Indiana chairman of the subcommittee on the legislative, executive and judicial appropriation bill of the Appropriations Committee, issued a warning earlier in the day to the National Federation of Federal Employes that they were "killing the goose that laid the golden egg" by insisting on a $480 bonus."

WILSON'S PLEA UNHEEDED

West Virginia Senate Again Rejects Women's Vote Amendment

Charleston, W. Va., March 4.—A motion to reconsider the rejection of the Federal suffrage amendment was defeated in the State senate yesterday. This disposes of the possibility of ratification at the present session of the legislature.

Following defeat of the bill Monday Senators favoring suffrage were stirred to action by President Wilson's request to Senators Burr, of Jefferson County, and Frazier of Putnam County, that they swing their support to the movement, and the now vote resulted. Both Senators to whom Wilson appealed voted against the measure Monday.

Wilson's telegram to Frazier and Burr read:

"May I not urge upon you the importance to the whole country of the prompt ratification of the suffrage amendment and express hope that you will find it possible to lend your aid to this end?"

GET LONG TERMS

Two Who Beat and Robbed Texan and Wife Get Long Terms

New York, March 4.—Ramon Rodriguez and Adriano Alvarez Herra, who beat and robbed Mr. and Mrs. A. J. Broderick, of Dallas, Texi, at the Hotel Knickerbocker last December, were sentenced yesterday to serve 52 years and 6 months each at hard labor in State prison. They pleaded guilty. Judge McIntyre said he wished he could impose the death penalty.

Mr. Broderick was struck on the head with a hammer and Mrs. Broderick bound and gagged in their suite. Then the burglars stole $30,000 in jewelry and cash and were captured after trying to escape by climbing down the front of the hotel.

They say "fine feathers make fine birds."
There's lots of wisdom in these words, suggests Dainty Dorothy.

Clothes wisdom means clothing thriftiness these days. Even if papa's from Pittsburgh he has cast a stern and forbidding eye in the direction of clothes extravagance. He is having his old suits cleaned and pressed, and found out that some of them didn't show a trace of wear. And he is asking mamma and daughter to fall in line and keep step.
